AOMA Jobber Membership

AOMA offers it's members EDI software, communications to keep you up-to-date on industry issues and regulations, haz-mat training classes, and many other educational programs designed to keep up with the changes and growth opportunities in our industry.

Membership investments for active jobber, convenience store chain and service station chain memberships in AOMA are based on gross dollar volumes for the previous year of your sales in Arkansas. If you own and control more than one company and the companies have separate names and operate as separate companies, you should have a membership in each company name. AOMA investments are based on the honor system.
